If monthly wages are at least \$8,960, multiply the excess over \$8,940.00 by 8.53% (.0853) and add it to last amount in applicable column.

Example: if an employee's monthly wages are \$9,000.00 with three withholding allowances on IA W-4, calculation is as follows: (\$9,000.00-\$8,940.00)x8.53%+\$479.88=\$485.00

Disclaimer:

For the Iowa withholding tables, federal withholding amounts are estimated assuming married joint withholding brackets as well as a handful of other simplifying assumptions. It was necessary to estimate federal 2021 withholding parameters (brackets, rates, and amount for each allowance) because the IRS had not released those parameters when this document was prepared. These assumptions may result in less accurate Iowa withholding than if the withholding formula is used.
