-78043-GIS Land Use
GIS Assistance
Application Deadline: 08/31/2014 11:59 PM

| | |
|---|--|
| Award Amount Range: \$0.00 - \$35,000.00 | Program Officer: Tena Malone |
| Project Start Date: 01/01/2015 | Phone: 515-249-9139 x |
| Project End Date: 01/01/2017 | Email: tena.malone@dullestech.com |
| Award Announcement Date: | Categorical Area: Land Use Layer |
| Eligible Applicant: State of Iowa County Assessors | |

Description

Agriculturally classed property in Iowa has assessed values based on productivity. The productivity value is distributed to each parcel through CSR ratings of the soil. To recognize some limitations in using CSR ratings to distribute the productivity value, IAC 701 71.3 was enacted in June of 2013. This rule provides for the adjustment of CSR ratings on agriculturally classed land based on the use as non-crop land.

To effectively and efficiently manage the adjustment process within County Assessor offices, digital parcels, GIS software tools, digital soils and a land use digital layer of information is necessary. Once these pieces are in place, the calculation to adjust the appropriate CSR ratings within the constraints of the rule is readily managed. lowAccess Grant requirement for project completion is within 2 years of grant awards. The application deadline is 08/31/14. Grant award reimbursements to the applicants effective 01/01/15 through 01/01/17 based on completion of the project. Completion means: Digital land use layer for ag parcels, digital ag parcels and aerial photography on a searchable website that is free to the public.

Following information must be made available to the public:

- Unadjusted acres of each soil type and the associated CSR ratings for the both cropland and non-cropland;
- Adjusted CSR ratings for non-cropland;
- Total CSR points per parcel adjusted and unadjusted
- Calculations for total ag land valuation per parcel

The soils layer and NAAP photography are available for no charge to counties so the request for monies does not include any aerial photography for this project and does not include any costs associated with the creation of digital parcels.

Some counties are financially constrained by their levy rate which is not to exceed .675\$ per one thousand dollars of assessed value based on Iowa Code 441.16. As a result some counties are limited in their ability to levy the dollars necessary to comply with the enacted rule within the time constraints required. As a result, the request for funding is specific to assistance in developing the land use layer based on need. Funding for costs

Enter your Project Title in the field
The project title should start with our county name. i.e. Polk County Application Click on “Save”. The other two boxes will automatically populate with your information.

The screenshot shows the Iowa Grants website interface. At the top, there is a navigation bar with the Iowa logo and the URL 'IowaGrants.gov'. Below this is a menu bar with options: Menu, Help, Log Out, Back, Print, Add, Delete, Edit, and Save. The 'Save' button is circled in red. The main content area is titled 'Application' and contains a 'General Information' section. A note states: 'This page must be completed and saved before proceeding with the rest of the application process'. The 'Registered Applicant' is set to 'TenAM Malone'. The 'Project Title' field is highlighted with a red box and contains the placeholder text 'Enter your Project Title here (limited to 100 characters)'. The 'Organization' is set to 'Dulles Technology Partners, Inc'. A 'Return to top to save' link is located at the bottom right of the form.

Click on “Go To Application Forms” –

The screenshot shows the Iowa Grants website interface. At the top, there is a navigation bar with the Iowa logo and the URL 'IowaGrants.gov'. Below this is a menu bar with options: Menu, Help, Log Out, Back, Print, Add, Delete, Edit, and Save. The main content area is titled 'Application' and contains a section for 'Application: 81664 - Polk'. This section lists: Program Area: GIS Assistance, Funding Opportunity: 78043 - GIS Land Use, and Proposal Deadline: 08/31/2014. Below this is an 'Instructions' section with the text: 'To continue with the remaining parts of the application, click on the "Go to Applications Forms" link below:'. The 'General Information' section is highlighted with a red box and contains: System ID: 81664, Project Title: Polk, Registered Applicant: TenAM Malone, Additional Contacts, and Organization: Dulles Technology Partners, Inc. A link labeled 'Go to Application Forms' is circled in red. At the bottom right, it says 'Last Edited By: TenAM Malone, 05/13/2014'.

Click on the form "Cover Sheet - General Information"

The screenshot shows the Iowa Grants application interface. At the top, there is a header with the Iowa logo and the text "Iowa Grants.gov". Below the header is a navigation bar with icons for Menu, Help, Log Out, Back, Print, Add, Delete, Edit, and Save. The main content area is titled "Application" and displays the following information:

- Application: 81654 - Polk
- Program Area: GIS Assistance
- Funding Opportunity: 78043 - GIS Land Use
- Proposal Deadline: 08/31/2014

Below this information is an "Instructions" section with a note: "Clicking 'Mark as Complete' does not submit the application component or prevent further editing. To submit the application click the Submit button. Note: All application components must be marked as complete in order to submit."

The "Application Forms" section contains a table with the following columns: Form Name, Complete?, and Last Edited. The "General Information" form is highlighted with a red box, and its "Complete?" status is marked with a checkmark.

| Form Name | Complete? | Last Edited |
|---|-----------|-------------|
| General Information | ✓ | 05/13/2014 |
| Cover Sheet - General Information | | |
| Requirements for GIS Assistance | | |
| GIS Assistance Concept Paper | | |
| Minority Impact Statement | | |
| Documentation of Completed Project Upload | | |
| Budget | | |

At the bottom of the page, there is a footer with the text "Iowa.gov - The Official Website of the State of Iowa." and "Dulles Technology Partners Inc."

Enter your responses. Once complete click on "Return to the Top" and click "Save"

The screenshot shows the "Cover Sheet-General Information" form in the Iowa Grants application interface. The header and navigation bar are the same as in the previous screenshot. The main content area is titled "Application" and displays the following information:

- Application: 81609 - Final Test
- Program Area: GIS Assistance
- Funding Opportunity: 78043 - GIS Land Use
- Proposal Deadline: 08/31/2014

Below this information is an "Instructions" section with a note: "The information on this form is collected for the Iowa Department of Management to ensure consistent basic data collection from all grant applications."

The "Cover Sheet-General Information" section contains the following form fields:

- Authorized Official**
 - Name*: Lisa Schumacher
 - Title*: Examiner
 - Organization*: IDR
 - Address*: 1305 E Walnut Ave
 - City/State/Zip*: Des Moines, Iowa, 50309

Please list the Internal Resources/Cost for the purchase – this is a free form section for you to list additional information not covered in the Budget application form.

Please list the External Resources/Cost for the purchase: - this is a free form section for you to add any additional comments. All documents will need to be uploaded under the “Documentation of Completed Project Upload” application form. Copies of any and all contracts for services should be attached.

Testing and acceptance: The planned website address of the GIS parcel information.

Documenting of completed project: You will be able to edit this application throughout the project implementation process. Upon the completion of the website you will provide the final link.

GIS Assistance Concept Paper [Mark as Complete](#) | [Go to Application Forms](#)

Agency: (County or IDR)* Polk County
 Projected Cost over \$35,000? No
 Projected County/Contract staff hours over 750? No

Project Cost, Funds and Funding Source

- Minimum Standard: Description of land use layer digital mapping to include differentiation of cropland and non-cropland for entire jurisdiction.
- Platform: Defining Cropland and Non-Cropland digitally overlaid on a digital parcel map as defined by FSA or other county documents at an appropriate projection for the State of Iowa.
- Goal: Implementation of land use layer as necessary to facilitate 701-91.3(1)

Please list the internal Resources/Costs for the purchase:
 Please refer to the form called "Budget" to enter your budget items.

Please list the External Resources/Costs for the purchase:
 Please refer to the form called "Documentation of Completed Project Upload" to upload external documents.

Timelines for completion of land use layer*
 Timelines- project must be completed 2 years from award approval. Deadline for first application process is 08/31/14
 Implementation of project by December 31, 2016.

Current Levy Rate* 26.56284
 Which Fiscal Year* 2014-2015
 Total number of Employees in Assessors Office* 15.7
 Number Agricultural Parcels* 297314

Please enter your website link, hyperlink:
 Testing and Acceptance* website.gov

Include link to publicly available searchable website containing parcel & land use data. No funds will be disbursed until link is provided.
