Instructions for the IA Form 8827: Iowa Alternative Minimum Tax Credit

Form 8827 should be completed to compute the Iowa Alternative Minimum Tax Credit, if any, for Iowa alternative minimum tax incurred in prior tax years and to compute any Iowa Alternative Minimum Tax Credit Carryforward that may be used in future tax years.

The Iowa Alternative Minimum Tax Credit may only be claimed to the extent that your regular tax liability exceeds your tentative Iowa Alternative Minimum Tax for tax year 2016. Because the Iowa Alternative Minimum Tax Credit does not expire, the credit claimed also cannot exceed regular tax liability after applying claims to all other nonrefundable tax credits.

Please include a statement explaining any federal audit which impacted your carryforward reported on line 2. You must also file amended Iowa return(s) to reflect any previous year federal audit changes.

Enter the claim information for the Iowa Alternative Minimum Tax Credit in Part I of the IA 148 Tax Credits Schedule; use tax credit code 09 in column A and leave column B blank. Include this form with the IA 1120.
